DEANNA FERESTAD, FNP

ADAM GRAHAM, PA-C MPAS

LYNN M. GRAHAM, PA

JENNIFER HOVERSLAND, FNP

KRISTIN MCCOLLY, FNP

Serving the medical needs of our region requires many dedicated professionals. The professional staff at Sheridan Memorial includes one medical doctor, three family nurse practitioners and two physicians assistants, as well as additional locum providers. We also have four radiology technologists, four clinical laboratory scientists, physical, occupational and speech therapists, a registered dietitian, 30 registered nurses, 12 LPNs and 50 Certified Nurse Aides. This medical team works together to ensure quality care is received in the Hospital, Nursing Home and Clinic for all our patients and residents.
